

2022 Village of Fruitport Progress Report

General information

Were any new municipal facilities added to your jurisdiction in 2022 that have stormwater infrastructure? **Yes**

Did you identify or construct any new outfalls or points of discharge? **Please see attached map.**

Drain by Car Store on Oak Street

Leech basin at end of Lake Street

South Brooks Road Drain and outfall project

Added a basin and culvert to outfall in creek on Park Street

Leech basin on Dennis Street

Enforcement Actions

The enforcement response procedure and form to be filled out in case of an unauthorized discharge can be found in your Stormwater Management Plan (SWMP). SWMPs are saved under your community name [on LGROW's website](#).

Were there any enforcement actions taken in 2022? This includes fines, citations, stop work orders.

No

If yes, please explain:

Illicit Discharges

How many illicit discharges were detected in 2022?

Explain each illicit discharge and action taken to investigate/clean up each discharge:

Were all illicit discharges detected eliminated?

How many illicit discharges led to enforcement action?

No

Soil Erosion and Sedimentation Control (Part 91)

Were there any changes made to your SESC program in 2022? (ex. change in Part 91 status as an APA or MEA)

Were there any issues identified in 2022 under the SESC program on construction sites under your jurisdiction? If so, please explain:

No

Facilities

Were any new facilities that the municipality is responsible for added in the past few years? You can view your facility inventory under your community name [on LGROW's website](#) (Appendix 6 Facility Inventory).

Structural BMP	Inspection Frequency	Maintenance Frequency	Disposal	TSS Removal	2022 Inspection and Maintenance
Underground Storage Vault or Tanks	Annual	When vault in garage is 50% full	Licensed Hauler	Low	Inspected on 03/07/2022 Emptied on 03/10/2022
Vegetated Buffer Strips	Annual	50% full	Mowed with a mulching mower or bagged and hauled to a licensed compost facility	Medium/Low	Trimmed every month in 2022 summer
Infiltration Basins or Trenches	Annual	When there is evidence of clogging or sump is 50% full	Licensed Hauler	High	Inspected 08/17/2021 Emptied 09/13/2021
Oil/Water or Grit Separator	Every 2 years or as needed	As needed per inspection, and when it is 50% full	Licensed Hauler	High	Inspected on 03/07/2022 Emptied on 03/10/2022

Street Sweeping

Did you perform street sweeping?

Yes No

Please see attached invoice.

Catch Basin Cleaning

Please submit a log of catch basin inspections, cleaning, or invoices if you contracted this work out.

Did you inspect catch basins?

Yes No

How many? 2 manholes. Please see attached invoice.

Road Work

During road, parking lot, sidewalk and right-of-way maintenance were BMPs implemented to prevent or reduce pollutant runoff during maintenance?

yes

Is the municipality responsible for any bridge maintenance? If so, were BMPs implemented to prevent or reduce pollutant runoff during maintenance?

NA

Is the municipality responsible for any unpaved roads? If so, were BMPs implemented to prevent or reduce pollutant runoff for unpaved roads?

NA

Is the municipality responsible for any plowing and salting? If so, were BMPs implemented to prevent or reduce pollutant runoff during winter operations? Please explain.

Salt is stored undercover.

Is the municipality responsible for washing vehicles (ex: trucks, police cars, school buses)? If so, were BMPs implemented to prevent or reduce pollutant runoff during washing? Please explain.

Equipment is washed in the garage.

Public Education and Outreach:

The Village President and the Village Clerk handed out LGROW educational material during the 2022 Old Fashioned Days Event over Memorial Day Weekend 2022. We distributed a total of 50 sets of various items. Coloring books, stickers, etc.

Stormwater Training

Delivery Mechanism Title	PEP Categories	Permit Cycle Goals	Outcome/Output	Accomplishments
Associations		to 10 lake or watershed associations		
		LGROW facilitate development of 1 new subwatershed group	Outcome	Assist with the reformation of the Thornapple subwatershed group
Printed or Electronic Materials	1,2,3,4,5,6	LGROW create 1 new printed or electronic material for each PEP category	Output	Seasonal Tips flyers and social media posts for each PEP category created quarterly (Winter, Spring, Summer, Fall); Video Tips in progress for all PEP categories – Available at https://www.lgrow.org/ms4information and https://www.dropbox.com/scl/fo/yflyuaal754gee9hjt2x9/h?dl=0&rlkey=8wf0s65ue61611ud0qmtmq5k

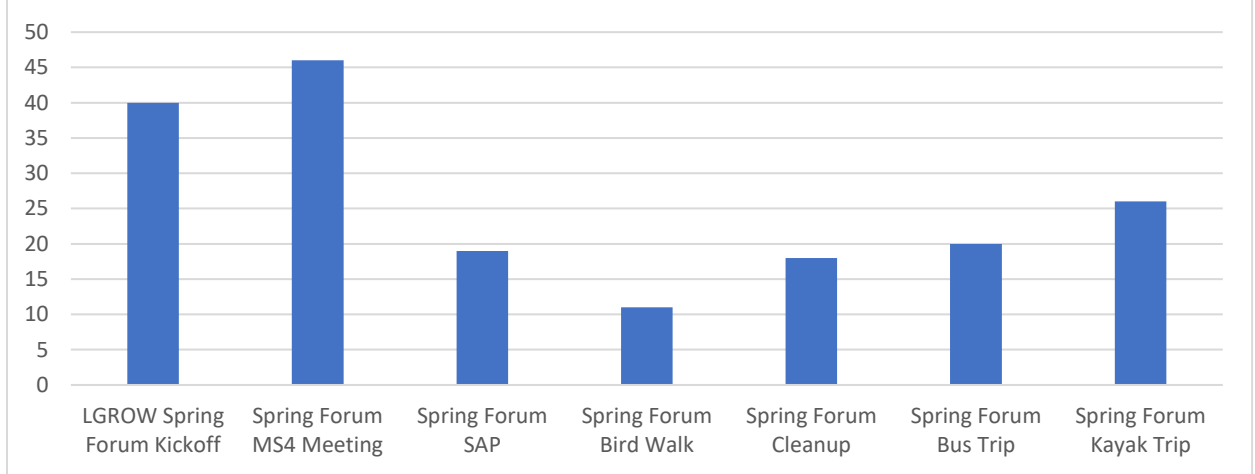

The 2022 Public Education Plan has increased stormwater awareness for both LGROW and our local community. We have had an increase in interactions via our social media, website, and newsletters focusing on each of the individual categories. Through community engagement via giveaways, workshops, and local events LGROW has expanded local understanding of the importance of protecting our watersheds. The PEP has been an effective tool to give us guidance on how to strive for more stormwater consciousness in our communities.
