Additional comments:

I walked the site with Zach & Patrick as revisions to the soil erosion controls have been made.

Some sediment recovery area adjustments were advised.

When we walked to the east end of the box culvert a large amount of sediments were in the creek
The cause was an employee flushing the water hydrant for a long time without a hose to discharge
into the storm sewer. I contacted EGLE and then advised Redline to hand clean the creek.

SNEEPING MUST BE A PRIORITY ON KNAPP STREET AND THE INSIDE ROADS. THE CONSTRUCTION ENTRANCE COBBLE MUST BE REBUILT.

The included civil infraction of \$2000.00 must be paid within 15 days

Corrections must be completed by: _____ / _____ / _____
